

Elderly Stroke Assisted Living Care Center

Dua Old Age Caring Institution

Compassionate, expert care for stroke survivors—restoring independence, dignity, and hope for families across India.

Made with GAMMA

Why Specialized Stroke Care Matters for the Elderly

Leading Health Crisis

Stroke is the 2nd leading cause of death in India, affecting over 185,000 seniors annually with devastating consequences.

Complex Recovery Needs

Post-stroke survivors often face significant mobility limitations, speech difficulties, and daily living challenges requiring continuous expert care.

Safety & Independence

Assisted living provides the crucial bridge between maintaining independence and ensuring safety when living alone is no longer feasible.

Dua's Comprehensive Stroke Care Approach

01

Immediate Medical Response

Acute stroke treatment with thrombolytics and continuous neurological monitoring to minimize damage.

02

Tailored Rehabilitation

Early, personalized physical, occupational, and speech therapies designed to restore function and independence.

03

Holistic Recovery Support

Comprehensive medication management, nutritional support, and fall prevention protocols for complete wellbeing.

Emotional & Family Support: A Core Pillar

Psychological Counselling

Professional support for stroke survivors and their families to manage depression, anxiety, and emotional adjustment during the recovery journey.

Family Education Programmes

Comprehensive training sessions that empower families with knowledge and skills for effective home care, ensuring continuity beyond our facility.

Dignified Living Environment

A warm, home-like atmosphere that fosters dignity, encourages community connections, and promotes meaningful social engagement for all residents.

Dua Old Age Caring Institution: Your Partner in Stroke Recovery

Multidisciplinary Expert Team

Our dedicated specialists deliver personalized, compassionate care tailored to each resident's unique needs and recovery goals.

Proven Track Record

Demonstrated success in restoring independence, mobility, and quality of life for elderly stroke survivors across India.
