

Dua Old Age Caring Institution: Compassionate Alzheimer Care Home

Where dignity, safety, and compassionate care come together to support those living with Alzheimer's and their families.

The Challenge of Alzheimer's Care in India

Rising Numbers

Over 5 million Indians currently live with Alzheimer's and dementia, with numbers rising rapidly as our population ages and life expectancy increases.

Specialized Needs

Alzheimer's requires round-the-clock specialized, sensitive care to maintain dignity, ensure safety, and preserve quality of life at every stage.

Family Burden

Family caregivers face overwhelming emotional strain, physical exhaustion, and mounting financial pressures without access to professional support and guidance.
